

AP STREAM OUTLINE

		during MPM 2D	Evaluation Breakdown			
PRE CALCULUS		A. Algebra 3 parts (MPM + MCR) B. Linear Systems (MPM) C. Quadratics (MPM) D. Analytic Geometry (MPM) E. Trigonometry (MPM) F. Functions (MCR) G. Rotational Trigonometry (MCR)	TERM	Assignments/Team Activities Journals Tests	5% 15% 50%	70%
			FINAL	Exam and/or Project		30%
		during MCR 3U sem1	Evaluation Breakdown			
		0. Parabolas & Conics (MCR +AP) 1. Functions (MHF) 2. Exponential Functions(MCR) Logarithmic Functions (MHF) 3. Sequences & Series and Finance (MCR) 4. Trigonometry (MHF) 5. Sinusoidal Models (MCR) + All Trig Sketches(MHF) 6. Polynomials (MHF)	<i>MCR marks are carried over from previous course</i>	Assignments/Team Activities Journals Tests	5% 15% 50%	70%
				Exam and/or Project		30%
		during MHF 4U sem2	Evaluation Breakdown			
CALCULUS		7. Rational Functions (MHF) 8. Trig and Identities (MHF)	<i>MHF marks are carried over from previous course</i>	Assignments/Team Activities Journals Tests	5% 15% 50%	70%
		1. Limits and Rates (MCV+MHF) 2. Derivatives (MCV+AP) 3. App of Derivatives Part 1 (MCV+AP) 4. App of Derivatives Part 2 (MCV+AP)		Exam and/or Project		30%
		during MCV 4U	Evaluation Breakdown			
		5. Integration (AP) 6. App of Integration (AP) 7. Differential equations (AP)	<i>MCV marks are carried over from previous course</i>	Assignments/Team Activities Journals Tests	5% 15% 50%	70%
VECTORS		A. Vectors (MCV) B. Application of Vectors (MCV) C. Lines Planes (MCV)		Calc Exam and/or Project Vectors Exam and/or Project	15% 15%	30%
		AP exam in MAY	Optional. Costs over \$100, do the exam if you wish to get a credit at the university (check if they accept AP).			

- For the AP stream – **report card marks will only reflect the course curriculum that corresponds to the course code you are enrolled in at the time.** For example in gr10 course, if the enrichment topics from gr11 hurt your MPM gr10 mark, they will not be counted. The gr11 material you learn in gr10 will be carried over to next semester MCR course. Of course all marks will stay if they boost you up in any way (but it's all entries or none – can't pick and choose). At the end of the semester if you are not happy with the gr11 marks that are being carried over, switch to a regular stream and do those topics again. You cannot redo evaluations to try to stay in the AP stream, so work hard and choose the next course wisely.
